

The New Macs are Here, the New Macs are Here!

Greetings Open Door Network customers, Some of you that are reading this are new to our newsletter. Welcome. I like to write a little newsletter once a month to keep you in the loop of all the services we offer here at Ashland Home Net and how you can take advantage of them.

October was a crazy month for us, as you can imagine. Our team has worked very hard to migrate all of the Open Door Network customers seamlessly into our company. Alan and Charles have been great to work with during the transition. Michael Betzina has officially moved into his new office and has been working on a brand new 21.5" iMac. As many of you know I have been a Mac user and fan since 1984 and I look forward to serving the the growing Mac community in Ashland.

COMCAST SPORTSNET and Ashland TV are proud to announce a new HD Channel, CSN HD.

(Yet another channel you won't find on Charter Cable)

Channel 86-1 on your HD capable TV will bring you the highest quality video of all the **Trailblazers Games**, 37 of 60 NHL Games, **University of Oregon** games including **Ducks Football**, sports talk and original programming.

Visit http://northwest.comcastsportsnet.com/tv_listings.aspx for the full TV listings.

Watch Channel 20 for photos's and video's of Ashland taken by you this fall including Halloween and the Festival of Light Parade.

Don't forget to visit Paddington Station during their annual Open House Bash on Nov 21st from 11-8.

We will be there filming the events and putting it on Channel 20.

Happy Thanksgiving to you and your family!

Thank you for making Ashland Home Net the largest ISP in Ashland and your TV, Internet and Phone Service Partner.
